LED SUSPENDED DIRECT/INDIRECT LUMINAIRES

**Emelux**   
Lighting Equipment

# FEATHER

FEATHER are remote controlled suspended direct/indirect LED luminaires.

FEATHER can be remotely switched, dimmed and set to 1 of 4 pre-set colour temperatures.

## FEATURES

- Even illumination (without LED spotting)
- Remote control (on/off, dimming, colour temp)
- Transparent optics (when off)
- Long-life, energy efficient LEDs
- Simple installation

## REMOTE CONTROL

A handheld Remote Control operates all functions, including on/off, dimming and colour temperature. Only one Remote Control is required to control a number of luminaires.

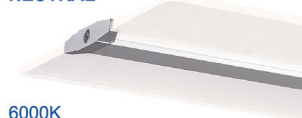

## SCENE SETTING

Remote Control is used to assign luminaires into groups. This provides the ability to have scene setting when multiple luminaires are installed.

## MULTIPLE COLOUR TEMPERATURES

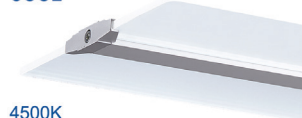

FEATHER luminaires can be set to 1 of 4 pre-set colour temperatures: 3000K, 4000K, 4500K or 6000K.

NEUTRAL

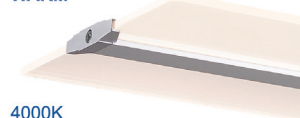

6000K

COOL

4500K

WARM

4000K

VERY WARM

3000K

## SPECIFICATION:

- 600mm circular or 315mm x 1200mm rectangular
- 3000K, 4000K, 4500K and 6000K colour temperatures
- 230V ~ input; Electronic Control Gear
- Full photometry available upon request
